

The reason for the chart's shape is due to the fact that the group wanted to use all the time available to complete the tasks to the highest quality. This is the reason for the steep downward slope near the end of the sprint.

Our velocity increased from 65 to 69 this sprint. The increase in velocity is due to the fact that we were still learning the tools in sprint 1. In sprint 2 we were more familiar with the tools we're using and thus were able to complete tasks quicker.
